Instructions:

1. Cut out the cover insert, on page 1, around the outer perimeter. Do not cut along the center.
2. Fold the cover insert in half, with the text on the outside.
3. Insert the cover insert in the CD case cover.
4. Cut out the tray insert, on page 2, around the outer perimeter.
5. The right-most long narrow title "tab", on the tray insert, is for CD case with a transparent tray. Remove this "tab" if the CD case has an opaque tray.
6. Fold the left and right long narrow title "tabs" to a 90 degree angle, away from the main tray cover portion. If the right-most "tab" is retained for a transparent tray, fold that "tab" 90 degrees again, away from the title "tab" next to it. The text should appear around the exterior of the folded cover, not the interior.
7. Remove the tray from the case.
8. Place the tray insert in the case.
9. Insert the tray, being careful that the title tabs are flat against the case.
10. Please appropriately discard this portion and the scrap bits of paper.

### The Story Of Doctor Dolittle

In "The Story of Doctor Dolittle" (1920), the first of Hugh Lofting's Doctor Dolittle books, we are introduced to the good doctor who gives up treating people after Polynesia, his parrot, teaches him animal languages. His fame in the animal kingdom spreads throughout the world and soon he sets off to cure a monkey epidemic in Africa, finding all sorts of exciting adventures on the way.

This recording is of the original edition, which is in the public domain. Later editions, which are still under copyright, changed some language and plot elements that are considered racially derogatory.
